CASS Family Day Care

Family day care is approved child care that truly focuses on each individual child's development, while providing high quality early learning in an educator's own home.

In small groups, children will enjoy a natural approach to play and discovery, and form genuine lasting bonds with their qualified and passionate early childhood educator.

Children will be supported to maintain their home language or offered an opportunity to learn a second language.

We will provide professional child care and Outside School Hours Care services for children 0 - 12 years at the homes of registered educators in different suburbs.

When choosing care for your child, family day care isn't just the right choice — it's the natural one.
