## CONNECT CALL FOR THE CHINESE SENIORS

**FEEL ISOLATED? YOU ARE NOT ALONE.**

Sydney's Chinese senior population is growing, and some prone to loneliness due to language barrier. Hence, CASS launched "Connect Call for Chinese Seniors" – a phone service assisting Chinese elderly who aged 65 or above. It is designed to ease isolation, provide support, and help seniors stay connected with their community.

CASS will arrange trained volunteers to provide regular phone calls to registered seniors to show care and support. Our friendly volunteers speak Cantonese, Mandarin & Shanghainese.
